

THE RANGE ROVER®

ACCESSORIES

GO BEYOND

ADD THE FINISHING TOUCHES TO LAND ROVER'S MOST COMPLETE LUXURY 4X4 BY MAKING IT YOUR RANGE ROVER. Accessories bring even more style, capability and individuality to a vehicle. Because they tend to be selected for seasonal conditions or a specific type of use, four lifestyle choices have been created, bringing together the appropriate items to cover the needs of most people. Of course, most accessories can be ordered separately. They can also be added at any stage in The Range Rover's life. It won't be complete until you've made it yours.

Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres will offer benefits in road holding and handling, but may be more vulnerable to damage in some off-road conditions, please discuss your requirements with your Land Rover Dealer when selecting your vehicle and specification.

THE RANGE ROVER'S ELEGANT LINES CAN BE TAILORED TO MEET MORE PERSONAL TASTES WITH A NUMBER OF UNIQUELY STYLED EXTERIOR ACCESSORIES. Deployable side steps aid entry and exit, as well as roof loading. They are automatically activated when the doors are opened and stowed as the doors are closed. Headlights can be kept safe with the A-frame protection bar and lamp guards. In both rural and city-style environments, protection tubes and body side mouldings help keep scuffs and scrapes away from doors and sills.

ONE WORLD

OUR COMMITMENT

to a sustainable future. From the design of our vehicles, to the way we build them, the way we use them and where we use them, Land Rover is committed to addressing the challenges of sustainable development and operating as a responsible company.

THE FUTURE.

Environmental innovation. Land_e is a revolutionary concept that incorporates an electric hybrid drive as well as other environmental technology approaches to give an integrated approach. It sets out to reduce CO₂ emissions and fuel consumption while remaining faithful to the unique essence of Land Rover.

Landrover.com/land_e

THE ENVIRONMENT.

World class manufacturing facilities. Certified to ISO14001 since 1998. Our manufacturing facilities at Solihull and Halewood have reduced emissions by around 4 percent, year on year, over the last 5 years. And we're offsetting all CO₂ produced from the manufacturing assembly of Land Rover vehicles at these plants. We have partnered with a specialist organisation and our offset projects to date include a wind farm in China, hydro electric generators in Tajikistan, and a cooking stove project in Uganda.

FREEDOM. We teach responsible off-road driving in order to reduce the impact on nature and to encourage drivers to understand the full, unique potential and breadth of capability of Land Rover vehicles. Come and find out for yourself at any one of the Land Rover Experience Centres. There are 10 in the UK, 30 worldwide.

Landroverexperience.com

ONE WORLD. We're participating in the following global conservation projects: **The Born Free Foundation**, the international wildlife charity. **The China Exploration and Research Society**, which works to protect fragile environments and endangered wildlife. **The Royal Geographical Society** and its backing for research, education and training as well as its endeavours to create a wider public understanding and enjoyment of geography. All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,000 miles/1,600 kilometres (which ever occurs first) of the handover of a new vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.
